NVA 320 DIV: NSA reports that tentative rpt tentative SIGINT suggests possibility that Hqs 320 Inf Div currently loc DMZ area. According to this SIGINT, on 27 Dec it was along western DMZ a few miles east of Lao border; then, on 7 Jan, Station Bravo (for some days now loc in the DMZ about 20 miles WSW Vinh Linh) was obs passing a msg originated by Hqs 320th. On 21 Dec, SIGINT had placed Hqs 320th in general vic Station Echo which then loc some 15 nm S of Khe Sanh, but which, by 7 Jan, had reloc some 20 nm further west). VC AND CAMBODIAN BORDER: Cptrd doc dated 2 Jan states, among other things, that (en) units were to be ready to evacuate if allied forces came to their psns in COSVN base area (Tay Ninh Prov), but that because border situation had become more difficult, they were, during evac, to "comply strictly with border regulations", in order win "long-term spt from friend". Doc may reflect increased VC sensitivity re Cambodian border in view of recent developments re same.  

NORTH VIETNAM

ROLLING THUNDER 57 OPERATIONS 9 JAN: 153 sorties (94 USAF, 38 USN, 21 USMC) dest/damaged 5/7 WBL, 1/12 gun psns, 1/0 commo site, 0/18 trks, 0/12 stor areas, 0/10 bridges, 0/8 trk pks, 0/2 coastal def sites, 0/2 aflds, 0/1 stage area, 0/1 trp conc, 0/1 transship pt, 0/1 barracks area, and LOCs. Tgts 10 nm Haiphong: Haiphong Cat Bi Afld (all ord on tgt; runway cratered). Other sig tgts: Kep Afld (No BDA, due wx). POLITICAL-MILITARY: Noted that NVN news agency announced yesterday that the secret talks held "recently" in Hanoi between Cambodian FonMin and Trinh involved "problems of common concern to both sides". For what it is worth, this is same formulation FBIS reported Trinh to have used in recent undated interview with Jap commie newspaper (OIS 9 Jan). In this interview (if FBIS report is correct), he claimed he said in Burchett
SUMMARY OF OPERATIONS IN SOUTH VIETNAM WHICH INVOLVE PARTICIPATION BY US FORCES (3D & 4TH CORPS) 10 JANUARY 1968

(b)(3) 10 U.S.C. 424
interview back on 28 Jan 67 that there "could be talks on problems of common interest to both DRV/US". Use in present circumstances of this otherwise routine, if enigmatic, phrase (by Trinh in each case) considered of poss interest to extent that it certainly invites "curiosity" -- it may be deliberately intended to do so -- re nature/scope of talks concerned. (5/MD)

At the same time, it is also noted that there is nothing in known current reporting surrounding 29 Dec 67 Trinh statement that rules out a Hanoi political ruse designed simply to gain time (and always propaganda benefits) -- by holding forth over some time what it hopes might be considered the prospect of productive discussions -- in order to fleet up their mil capability. (660 MM)
