A suspected infantry regiment, probable 320th Division in the same vicinity of Way Station ECHO since at least 27 December.

An unidentified, probable 320th-associated entity in the same vicinity as Way Station BRAVO.

An element serving the Hq, DMZ Front for communications with Hq, Military Region Tri-Thien-Hue in the vicinity of 16-53N 106-25E (XD 521668) on 16 January.

A suspect infantry regiment, probable 304th Division (16-43N 106-20E, XD 438488) on 17 January.

Unidentified entity associated with the probable Hq, 304th Division, first heard on 17 January and located at 16-28N 106-42E, XD 822235 on 18 January.

The new major PAVN headquarters active northwest of Khe Sanh is apparently assuming more responsibility for the command and control of PAVN forces in the western DMZ-Khe Sanh area.<sup>2</sup> Since 25 December, the 325C Division has been noted in communications with the major headquarters and the division headquarters was last noted in communications with the DMZ Front on 7 January. In addition, attempted communications between the major headquarters and the PAVN 90th Regiment were noted on 11 January. The relationship between the DMZ Front and this new major headquarters cannot presently be determined.
