FOLLOW-UP NUMBER 16 TOCOORDINATED VIETNAMESE COMMUNISTOFFENSIVE EVIDENCED IN SOUTH VIETNAM (262332Z JAN)

A new phase of "N-Day" operations may commence on the morning of 3 February. With the initiation of "N-Day" on 29 or 30 January, the previously reported planned participation of an unidentified unit in "N-Day plus 4" activities ¹ takes an added significance. In other activity a "plan" implemented by military intelligence elements in Kontum Province was ascheduled to begin no later than 28 January and end no later than 2 February. ²

In a message of 8 January, passed between elements tentatively identified as associated with the PAVN 95B Regiment, PAVN 10th Division, the recipient was directed to report the extent of preparations for "X-17's" (unidentified) participation in "N-Day plus 4." The elements are possibly those which, in a message of 27 January, discussed plans for an "N-Day" operation against an Allied convoy in the same area. ³ The control authority involved in this activity was located near 13-51N 108-27E (BR 248338) on 29 January in southwestern Binh Dinh Province. The subordinate elements are unlocated.
